

NON-SELECTIVE HERBICIDE

ACCORD[®] XRT II

NON-SELECTIVE, BROAD-SPECTRUM
SYSTEMIC HERBICIDE.

Accord[®] XRT II is a non-selective, broad-spectrum systemic herbicide for control of annual and perennial weeds and woody plants in forest sites and railroads.

The innovative, low-viscosity formulation of **Accord XRT II** makes it an ideal tank-mix partner, even in cooler conditions. A unique blend of surfactants improves compatibility resulting in less foam and reduced odor compared to other formulations. And, with its high load of 5.07 pounds of active ingredient per gallon, you get reduced handling, lower application rates, and more acres treated per gallon.

PRODUCT FEATURES

- High-load: Contains 5.07 lbs of active ingredient per gallon.
- Low-viscosity: Mixes easily with water and is a good tank-mix partner.
- Low-odor and low-foam: Contains a proprietary blend of surfactants.
- Patented DMA salt technology: A third-generation dimethylamine salt that provides broad-spectrum control.
- Compatible with most common materials of construction: Stainless steel is preferred for bulk storage and handling, but polyethylene is also acceptable.

LABELED USES

- Railroad
- Natural and production forests
